
TOWN OF CARRBORO

STORMWATER ADVISORY COMMISSION – SUMMARY

Meeting on March 10, 2020, 6:30 pm, Town Hall Room 100

Board Members		Guests	Staff
John Cox (vice-chair)	Jeanette O'Connor (chair)	Satya Kallepalli (remote)	Randy Dodd
Robert Dickson (remote)	Michael Paul		
Jacquelyn Gist (Council Liaison) (absent)	Lauren Joca (absent)		

Administrative Matters

The SWAC approved the January minutes (unanimous vote).

Staff Update

Staff provided an update on several current initiatives: status of engineering work for the Public Works stream restoration and Broad Street culvert replacement; FEMA funded home elevations on Lorraine Street; outreach support from a UNC intern; a stream clean up along the Roberson bike path completed in early March. Staff presented a planned schedule of focusing review of the draft RainReady pilot study at the April meeting, with the Council tentatively scheduled to review in May.

February Meeting Discussion

Commission members discussed the February meeting with a presentation and community discussion. The presentation, focusing on an overview of the RainReady concept and the results of a community survey, was provided by the Center for Neighborhood Technology, a nonprofit that the Town has contracted with to perform a pilot study in the watershed and provide recommendations that guide the development of a stormwater residential assistance program. Cox spent time rewatching the video from the meeting, and provided a draft document compiling community comments that were shared at the meeting with suggested responses. Commission members discussed an interest in further reviewing this document and formalizing responses. A placeholder was requested for the April meeting.

Adjourn

The meeting was adjourned at 7:44 pm.
